Before

After

By transforming the existing master bedroom to a state of the art kitchen, the heart of the home now sits squarely in the middle of the action! With unequalled views of the lake and the seating areas of the home, the kitchen enjoys unbelievable counter space, cabinets galore, and a quiet breakfast nook.

Kitchen

(former Master Bedroom)

Cutting the slab to provide for utilities cleared the way for the installation of an island complete with cooktop and microwave oven. The bistro table lends a casual air to an otherwise sophisticated, but livable space.

(former Master Bedroom)

With space for four at the bar, the kitchen provides room for guests to sit and enjoy snacks while the “cooks” finish the meal.
